1. ABOUT THE CONGRESS

Under the rubric “Chemistry, the Creative Force”, the 3rd EuCheMS Chemistry Congress will address the latest research in the core topic areas of chemistry, feature multidisciplinary programming, and highlight chemistry’s impact on society. The congress will bring together chemical and molecular scientists from industry, academia and government institutions across Europe and from around the world.

The 3rd EuCheMS Chemistry Congress promises to be the largest chemistry event in Europe in 2010 with more than 3,000 participants.

The 3rd EuCheMS Chemistry Congress will be held from August 29 until September 2, 2010, in the CongressCenter, Nürnberg, Germany. The format and the atmosphere of the congress will tie in with the previous successful conferences in Torino (2008) and Budapest (2006).

The scientific programme will include high-calibre plenary, keynote and topic lectures in 21 sessions over five days. Discussions and exchange during poster presentations will constitute an essential part of the conference. A series of one day symposia on the food industry, analytical chemistry, nuclear chemistry and chemical education is in planning.

The vendor exhibition will provide an ideal platform for industry presentations – a chance to show the latest innovations in chemistry and related fields. Tailor-made vendor seminars are an excellent opportunity for strategic public relations, presenting products, or finding partners. An attractive one day job fair is planned especially for young people.

Nürnberg is conveniently located in the strong economic region of southern Germany. The city is world-renowned for its 1,000-year history and its mediaeval atmosphere, but it is also a popular exhibition and congress venue. Its Congress-Center comprises a variety of rooms in many different configurations – an ideal environment for scientific and social interaction.

The 3rd EuCheMS Chemistry Congress is organised under the auspices of EuCheMS, the European Association for Chemical and Molecular Sciences, representing 150,000 individual chemists; the Gesellschaft Deutscher Chemiker (GDCh, German Chemical Society) is hosting the congress.

2. MAIN TOPICS

INNOVATIVE MATERIALS

Nanoparticles
Molecular Materials
Polymer Sciences

RESOURCES AND ENVIRONMENT

Energy Research
Water and Food for a Growing Population
Environmental and Analytical Sciences

SUPRAMOLECULAR SYSTEMS

Molecular Recognition in Chemical and Biological Systems
Self-assembly
Chemical Biology

SYNTHETIC METHODS AND CATALYSIS

Metal Catalysis
New Synthetic Methods
Heterogeneous Catalysis

MOLECULAR LIFE SCIENCES

Biostructure, Biopolymers and their Conjugates
Medicinal Chemistry
Biocatalysis and Biomaterials

ANALYSIS, MANIPULATION, AND SIMULATION

Advances in Microscopies
Spectroscopies for the Future
New Developments in Theory

ADVANCES IN ORGANIC AND INORGANIC CHEMISTRY

Advances in Organic Synthesis
Advances in Inorganic Synthesis
Physical Organic and Inorganic Chemistry

3. CONGRESS DESTINATION

3.1 Nürnberg (English: Nuremberg)

With its 500,000 inhabitants, Nürnberg is the economic, services and cultural centre of northern Bavaria and the second-largest Bavarian city after München (English: Munich) (one hour travel time by ICE train).

Nürnberg is one of the top ten high-tech regions in Germany. The focus of industry is on medical technology, electrical and electronic engineering, printing, mechanical engineering, communication technology, power electronics and sensorics. Companies range from innovative small and medium sized enterprises to large global corporations.

Nürnberg hosts Germany's only inventors' trade fair every year – as well as about 50 other specialist trade fairs that make NürnbergMesse one of the fastest growing trade fair locations in Europe. The trade fairs and congresses are characterised by a very high international appeal, with more than 70 per cent of exhibitors and 50 per cent of visitors coming from abroad.

Widely known as the city of spicy gingerbread, sausages, handmade toys, and the famous Christkindlesmarkt, Nürnberg with its visible 1,000-year history is a pleasure to explore. High above the city rises the Imperial Castle (Kaiserburg), where between 1050 and 1571 the Kaisers and kings of the Holy Roman Empire resided. And every day at noon, today's visitors to the Church of Our Lady (Frauenkirche) can still watch the "running men" clock-work ("Männleinlaufen") that was created in 1509.

For more information visit the official website of Nürnberg: www.nuernberg.de

3.2 Venue

NürnbergMesse GmbH
CongressCenter "Mitte" und "West"
90471 Nürnberg
Germany
www.congressing.de

All lecture and poster sessions as well as the exhibition will take place at the congress center, which also provides catering facilities.

4. SPONSORING CATEGORIES

Support the EuCheMS Chemistry Congress and enjoy numerous advantages.

There are four sponsorship categories:

PLATINUM SPONSOR

€ 20,000 (plus VAT)

Free booth space of 36 m²

Priority in booth selection in order of subscription to the sponsor program

Free registration for the scientific program for up to 4 persons

Prominent listing on web site and final program

One page ad (DIN A5) in the final program (black and white)

One-hour vendor seminar as part of the scientific program

Permission to supply with vendor's logo and 3rd EuCheMS Chemistry Congress logo

+ congress name tags and neck bands or

+ notepads and pens or give-aways

Inclusion of promotional material in the congress bag (max. 3 items)

GOLD SPONSOR

€ 15,000 (plus VAT)

Free booth space of 27 m²

Priority in booth selection in order of subscription to the sponsor program

Free registration for the scientific program for up to 3 persons

Prominent listing on web site and final program

One page ad (DIN A5) in the final program (black and white)

One-hour vendor seminar as part of the scientific program

Permission to supply with vendor's logo and 3rd EuCheMS Chemistry Congress logo

+ notepads and pens or give-aways

Inclusion of promotional material in the congress bag (max. 2 items)

SILVER SPONSOR

€ 10,000 (plus VAT)

Free booth space of 18 m² (+ € 1,600 for ready-made booth)

Priority in booth selection in order of subscription to the sponsor program

Free registration for the scientific program for up to 2 persons

Prominent listing on web site and final program

One page ad (DIN A5) in the final program (black and white)

One-hour vendor seminar as part of the scientific program

Inclusion of promotional material in the congress bag (1 item)

BRONZE SPONSOR

€ 7,500 (plus VAT)

Free booth space of 9 m² (+ € 850 for ready-made booth)

Priority in booth selection in order of subscription to the sponsor program

Free registration for the scientific program for 1 person

Prominent listing on web site and final program

One-hour vendor seminar as part of the scientific program

Inclusion of promotional material in the congress bag (1 item)

Upon request: tailored sponsoring to suit your company's presentation strategy –
for example, individual scientific sessions, one day seminars or receptions.

5. INDUSTRIAL EXHIBITION

READY-MADE BOOTH * / 9 m²

€ 2,950 (plus VAT)

including: aluminium construction system (modular panel system wall, width 95 cm per panel); white wall panel covering, open ceiling with 1 m lattice; light grey carpet; 1 table; 4 chairs; 1 counter; name plate with company name, 3 spotlights; 1 triple plug socket (220V), cleaning

READY-MADE BOOTH * / 18 m²

€ 5,900 (plus VAT)

including: aluminium construction system (modular panel system wall, width 95 cm per panel); white wall panel covering, open ceiling with 1 m lattice; light grey carpet; 1 table; 4 chairs; 1 counter; name plate with company name, 3 spotlights; 1 triple plug socket (220V), cleaning

BOOTH SPACE * / 27 m²

€ 6,600 (plus VAT)

including: 2 triple plug sockets (220V)

RENTAL OF BOOTH ACCESSORIES

Rental of extra furniture, plants etc. is possible for the duration of the exposition at reasonable prices.

INSURANCE

Exhibitors are required to purchase full coverage insurance for all goods and equipment displayed in their booth.

FREE STAFF ALLOWANCES

Every exhibitor is entitled to one staff member free of charge per 3 m² (3 for 9 m², 4 for 12 m²).

Standard registration for the scientific program of the 3rd EuCheMS Chemistry Congress is required for free staff members.

Exhibitors are entitled to a 25 % reduction for the scientific program per 9 m² of booth space.

ADVERTISING IN FINAL PROGRAM

1 ad DIN A5 (black and white): € 1,300 (plus VAT)

The company's name will be listed with their link on the 3rd EuCheMS Chemistry Congress website.

1 ad DIN A5 (four colours): € 1,800 (plus VAT)

The company's name will be listed with their link on the 3rd EuCheMS Chemistry Congress website.

* Other booth sizes upon request.

3rd EuCheMS Chemistry Congress in Nürnberg

At a glance

Your advantages as sponsor and / or exhibitor

- 1. Individualised presence** in a unique environment:
3rd EuCheMS Chemistry Congress 2010 in Nürnberg will be the largest chemistry event in Europe in 2010. More than 3,000 participants from academia and industry are expected to attend.
- 2. A high profile** in a professional exhibition environment for your company, your products, and your services.
- 3. Meet decision makers** from academia and industry in your own unique space.
- 4. Present yourself as an attractive employer** to the coming generation of young international chemists.
- 5. Extend your network** by inviting advanced students and scientific leaders to your booth and to individual vendor seminars.
- 6. Focused distribution** of your company's promotion material in conference kits.
- 7. Highlighted listings in the conference program brochure and on the website** facilitate your customer contacts.
